The New London Orchestra works with Primary school pupils across the London Borough of Newham to support aspects of literacy through music-based activities.

This event will launch the research evaluation of the ‘Literacy through Music’ Programme completed by Professor Welch and his team at the Institute of Education.

We would be delighted if you could join us for this event which presents an opportunity to learn more about the project and the research findings whilst enjoying a glass of wine with those who have been most closely involved with the work.
